

PRODUCT DESCRIPTION

- Hides the light source - the brightest, contrasting element of the lighting fixture
- Illuminates the interior in an extremely sophisticated and atmospheric manner while maintaining the parameters and functionality of standard lighting fixtures
- Narrow light angle
- The recessed cover minimalize the gleaming effect
- Allows the use of more efficient, transparent covers without compromising the aesthetics of the lighting fixture (LED points remain invisible)
- Allows you to create continuous light arrangements
- An extensive range of fasteners

FINISH :

Silver anodized Black anodized

*Custom colors available upon request

TECHNICAL SPECIFICATION

Application

- for use in interior architecture
- for creating linear lighting fixtures, continuous light arrangements
- for backlighting components where the light source is to remain hidden

Assembly

- mounted to the surface with appropriate mounting adhesives, mounting springs and screws
- suspended with the UCHO-ZM fastener or the PUSZ system

Additional information

The advantages of the lighting fixture can best be observed with the black finish of the profile walls. We recommend the anodized black satin finish. The fixture minimizes glare without causing discomfort. The source of light is concealed in the PDS-ZMG profile which makes larger interiors with a large number of lighting fixtures more comfortable, as your eyes are not exposed to the brightest part of the fixture.

It can be equipped with transparent or frosted covers We recommend use in the kitchen under cupboards, especially in open kitchenettes; wherever you can see the lighting fixture from a sitting or lying position or from

a child's height. The fixture can be equipped with transparent or frosted covers.

- spece for LED strip: 14.4 mm

PDS-ZMG profile		
Cover	Lighting angle approx	UGR depending on the used LED strip
LIGER	80°	from 12,4 to 16,5
HS - frosted	70°	from 12 to 15,9
HS - transparent	50°	from 2,7 to 7,2

UGR < 19 when looking across to the axis of the lighting fixture

AVAILABLE LENGTHS

Ref. nr.	surface finish	available lengths
C1418K7_1	Black anodized	1000 mm
C1418K7_2	Black anodized	2000 mm
C1418K7_3	Black anodized	3000 mm
C1418ANODA_1	Silver anodized	1000 mm
C1418ANODA_2	Silver anodized	2000 mm
C1418ANODA_3	Silver anodized	3000 mm
